The successful implementation of an evidence-based practice involves careful planning. This toolkit accompanies the 4-hour web-based SBIRT training and is intended to highlight the necessary steps programs and providers will need to take in order to get SBIRT up and running.

### Choose a Screening Instrument

Several standardized screening instruments exist. The choice of instruments will depend on your population and setting. These public domain instruments are approved by Wisconsin Medicaid and recommended by SBIRT experts:

- AUDIT (Alcohol Use Disorder Identification Test)
- DAST (Drug Abuse Screening Test)
- ASSIST (Alcohol, Smoking, Substance Involvement Screening Test)
- CRAFFT (an adolescent alcohol/drug screening instrument)

Please carefully review the administration, scoring, and interpretation information provided. For use of any instrument not listed above, providers are required to obtain prior approval from the Department of Health Services (DHS) before administering.

Contact the DHS at: DHSSBIRT@wisconsin.gov

### Print Brief Intervention Tools

These tools are necessary for implementation of Brief Intervention protocol and includes the following:

- SBIRT Protocol
- Low Risk Drinking Limits

Questions? Contact the Wisconsin Department of Health Services. Email: DHSSBIRT@wisconsin.gov
The following implementation worksheet should be completed by the organization’s leadership, supervisor, and clinician who will be delivering services:

- SBIRT Implementation Worksheet
- SBIRT Service Flow

Completion of this 4 hour training allows the licensed provider to become eligible to bill and receive reimbursement for SBIRT services provided. These resources provide necessary information regarding setting up SBIRT billing:

- Description of the Wisconsin MA SBIRT benefit
- SBIRT Coding, Billing, and Reimbursement Manual
- Coding for Screening and Brief Intervention Reimbursement

The following websites offer providers up-to-date information about SBIRT, its successful delivery, and on-going education:

- SBIRT Quality Assurance Measures
- Wisconsin Initiative to Promote Healthy Lifestyles
- U.S. Substance Abuse and Mental Health Services Administration
- Motivational Interviewing training opportunities

Questions? Contact the Wisconsin Department of Health Services. Email: DHSSBIRT@wisconsin.gov
